In addition to the above assets, the town has a claim for the interest upon the several stated amounts due from the several collectors above named, which cannot be accurately determined until final settlements with them, by reason of the abatements that may have to be made by the selectmen.

LIABILITIES OF THE TOWN, MARCH 1, 1891.

Amount of notes,	\$1,432 97
Due town school district for literary fund,	126 26
Due town school district for money unexpended raised to repair and furnish schoolhouses,	37 88
Amount due for school books and other supplies purchased by school board as reported,	94 68

Town debt as reported March 1, 1890,	199 58
<hr/>	<hr/>
Increase of liabilities,	\$659 99

The foregoing increase of the liabilities of the town during the past year, is mainly due to the facts that the town at the last annual meeting raised the unusually small sum of two hundred dollars to defray current expenses, and raised no money with which to purchase school books and other school supplies; and also the necessary expenditure arising from the Robertson case, and the great damages occasioned the highways by the heavy rains under a limited sum raised for the repairs of the same. We recommend that the town raise the sum of \$2000 for the repairs of highways and bridges, instead of the sum of \$1500, the amount raised for that purpose the previous year.

SCHOOL REPORT.

TO THE CITIZENS OF SCHOOL DISTRICT OF TOWN OF MADISON :

We herewith submit to you for your inspection our report of schools and the condition of our school buildings for the year ending March 1, 1891.

SCHOOL No. 1.

First term was taught by Miss Lizzie L. Libby of this town. Miss Libby teaches easily and quietly, commands the highest respect of her scholars, and governs them very skillfully. The school made fine advancement under her charge, and general satisfaction prevailed.

Second term was taught by Miss Nettie M. Chase of Deerfield, Me., who clearly understands the requirements of a teacher, and worked hard for the benefit of her pupils, who profited much from this term of school. Miss Chase is a teacher of long experience, and this term of school seemed to be perfect in every respect.

SCHOOL No. 2.

Both terms were taught by Miss Sadie E. Kennett of this town. Miss Kennett, although this was her first experience, is a teacher of excellent qualifications. Her whole interest was in her work, and her chief aim was to do her duty. She was faithful, patient and conscientious in discharging her duties, and worked constantly for the interest of her scholars, without regard to public sentiment. Some complaints were made known to us, but each seemed to

her credit. And we do not hesitate to say that had those who complained felt the interest for their children that their teacher did, instead of their complaints would have been compliments. Miss Kennett maintained good order, and the scholars were very thorough, and made excellent progress.

SCHOOL No. 3.

We made arrangements with the town of Tamworth for providing school privileges for this section of the town.

SCHOOL No. 4.

First and only term was taught by Mr. Frank Pearson. This was Mr. Pearson's first school. He is a young man of marked ability, and his pupils made good progress.

SCHOOL No. 5.

First term was taught by Miss Addie Allard of Freedom. Miss Allard is a teacher of some experience. She gives her pupils plenty of work, and sees that they accomplish it. We hear some complaints, but complaints are quite often made of such teachers, because some children love idleness, and some parents want their children pleased at any cost.

Second term was taught by Miss Bertha Hammond of Ossipee, who governed her pupils easily and advanced them well in their studies. The result of her labors was crowned with success.

SCHOOL No. 6.

First term was taught by Mr. A. S. Bolster of this town. Ordinary success attended his labors.

Second term taught by Miss Addie Allard of Freedom, who sustained her reputation previously earned as a teacher, and all seemed well satisfied with the result.

SCHOOL No. 7.

Both terms were taught by H. C. Churchill of this town. This was Mr. Churchill's first effort. He took great interest in his work, and was successful in commanding the respect and regard of his pupils.

The schools throughout the whole town have been well conducted and made great improvement for the very small amount of schooling had in this town.

We are glad to report that we have some young teachers in town who have taught some of our schools in a very able manner, and we hope that hereafter the town will take interest enough in school matters so as to furnish its own teachers.

The amount of money raised for the support of schools is limited to a very small sum. We earnestly emphasize that you cannot spend your money for a nobler purpose than to educate your children. The average amount of schooling throughout the town does not exceed fourteen weeks a year, and in no district do they have over seventeen weeks. There should be from twenty-five to thirty weeks at least, especially in the larger districts, and the schoolrooms should be properly supplied with maps, globes, blackboards, etc., but at present they are very barren. There should be a supply of text books and an unabridged dictionary for the teacher's desk, which would be a great help to both teacher and pupils.

We very earnestly call your attention to the condition of our school buildings throughout the town. The school in district No. 1 was put in fair condition during the past year, but is still very much in need of new windows and doors, and also painting on the outside. Those in districts Nos. 4 and 6 could be made respectable at a comparatively small expense, but those in districts Nos. 2 and 5 are in a

shameful condition. They are incompatible with civilization, morality and health; they are not even worthy of sheltering pole cats. It is insulting teachers to ask them to teach in them, and an uncivilized, inhuman, barbarous act for this town to allow its children to assemble in such contemptible, dirty, dingy old shells as these shanties are. It is an outrage to civilization.

We earnestly ask the people of this town to take some steps towards building and repairing school buildings, and in the name of Heaven don't delay, for we are far behind the times now. Gather all your pride, your humanity and morality, and for the interest of your own children, if nothing more, show your manhood at the next meeting, and try and do a little home missionary work, for if there isn't something done, the heathens or cannibals will lead us.
